**Subject:** Re: Maureen White

From Dom DiGiulio - he was asked by Ayn Schmit to respond to an inquiry from Ms. White when Ayn and Greg Oberley were out of the office. He sent the following info to Ayn after talking with Ms. White:

She is an independent geologist that works with attorneys to represent tribes across the country. She has met with representatives of the tribes owning mineral rights in the Pavillion area and is in the process of meeting with representatives of Senator Barasso and Udall.

She is developing a proposal to conduct activities to support the tribes at Pavillion apparently in the area of natural resource (ground water) damage. She wants to send Dom the proposal for review. He replied that he would not comment on it but simply forward the proposal to attorneys in EPA Region VIII as part of the record for this site. Her primary interest right now is gathering information on production wells at the Pavillion Field.

All - a person by this name is in WY, or perhaps on her way to WY, and has contacted WY DEQ for some assistance. She claims to be an EPA employee. I believe she's implied she's working on Pavillion, or fracking. Does anyone know who this person is and what she might be doing? We're coming up empty

in R8.

Thanks

Jim
